

# Enhancing and Strengthening Our Community's Health

*Missouri Baptist Sullivan Hospital appreciates your support*

■ Missouri Baptist Sullivan Hospital

## Missouri Baptist Sullivan Hospital's mission is to improve the health of the people and communities we serve.

Through generous donations, we're able to maintain our tradition of excellence in patient care and community service. This includes being able to purchase the latest medical equipment and state-of-the-art technology.

We rely on the support of our patients, their families, and the community. We appreciate all gifts, big and small.

### How can I help?

There are many ways to support the hospital. You can make a donation for general patient care, or designate a gift for a specific department fund, such as oncology, hospice, cardiac rehabilitation, surgical services, or social services.

Missouri Baptist Sullivan has created special programs, featuring various commemorative options, which honor donors, patients, families, and loved ones.

The following are just a few of the Hospital's programs:

### Therapy & Wellness Center Donor Wall

The Therapy & Wellness Donor Wall is a highlight of the Therapy & Wellness Center. Located just beyond the lobby and adjacent to the hydrotherapy pool, you can help provide ongoing support of our Therapy & Wellness Center by purchasing a plaque for permanent placement on this beautiful art piece.

Donor wall located in Therapy & Wellness Center lobby.

Giving Tree in Emergency Department lobby

### Giving Tree

Trees are places of relief and recuperation, drawing strength from their surrounding environment. Similarly, Missouri Baptist Sullivan is a place of relief and recuperation, and we draw our strength from the surrounding communities. That's why we created our Giving Tree—to symbolize this mutually nurturing relationship.

Our Giving Tree is a highlight of the hospital's Emergency Department lobby. The eye-catching, beautiful tree centerpiece is framed by numerous brass and copper leaves on its wood branches, with stone plaques at the base of the trunk. Leaves and stones can be purchased in honor of or in memory of a loved one.

### Healing Garden

The Alta Farris, Don King, and Melvin King Healing Garden is the crown jewel of our completely remodeled campus. Opened in September 2011, the garden provides visitors with a variety of soothing experiences—a calming water fountain, a beautiful arbor, shady trees, fragrant flowers, and artwork—adjacent to the hospital's state-of-the-art cancer center. Extensive research in oncology and environmental design has established a strong link between the environment and the ability to tolerate chemotherapy. This healing garden was designed specifically with this connection in mind.

To help complete our spacious 6,000-square-foot garden, we launched the Healing Garden Campaign. Donors can honor loved ones by purchasing a commemorative brick, planter, bench, or tree. Each item, which will include a special inscription, will be placed in the Healing Garden.

The Healing Garden provides visitors with a variety of soothing experiences.
